## Media Invitation: EUREQA Final Event

Hosted at the Royal Flemish Academy of Belgium for Science and the Arts,  
Brussels, Belgium  
Thursday 3 September

Since 2012 EUA has been coordinating the EUREQA project ("Empowering universities to fulfil their responsibilities for quality assurance").

The final event on 3 September 2015 marks the culmination of three years of capacity building activities. During this time, EUA and EU project partners have supported universities in Albania, Bosnia and Herzegovina and Kosovo in developing their internal quality assurance (QA) systems in a way that is adapted to different national and institutional contexts.

Together with the launch of the project publication "EUREQA Moments! Top tips for quality assurance", the event will present the lessons learnt over the past three years and share examples of good practice in developing internal quality assurance. Participants will also have an opportunity to hear the findings of a new EUA occasional paper, which will give an insight into current trends in internal QA in Europe, particularly in relation to the revised ESG (European Standards and Guidelines).

For more information or to view the programme, please visit the [event website](#).

**Please note that prior registration is necessary for journalists. To register, please send an email to [Ulrike.reimann@eua.be](mailto:Ulrike.reimann@eua.be)**

**ENDS**

Please also note that unfortunately EUA cannot pay accommodation or travel costs for this event.

For more information, contact Ulrike Reimann Tel: +32 2 743 11 58 or [Ulrike.reimann@eua.be](mailto:Ulrike.reimann@eua.be)

*The European University Association, as the representative organisation of both the European universities and the national rectors' conferences, is the main voice of the higher education community in Europe. EUA's mission is to promote the development of a coherent system of European higher education and research.*
