

Media invitation: 8th European Quality Assurance Forum,

**Gothenburg, Sweden
21-23 November 2013**

The European University Association (EUA) is pleased to invite you to the 8th European Quality Assurance Forum (EQAF) that will take place at the University of Gothenburg in Sweden from 21 to 23 November. Every year, EQAF brings together high-level speakers in higher education and professionals from the HE sector to discuss the latest trends in QA.

The 2013 EQAF, entitled "Working together to take quality forward", will specifically explore how both individuals and organisations can better understand the role that quality assurance can play in their daily lives, get engaged and work together. Keynote speakers will include Mats Alvesson, a leading European researcher in the field of organisational culture, and Sijbolt Noorda, President of the Academic Cooperation Association.

The Forum is co-organised by EUA, the European Association for Quality Assurance in Higher Education (ENQA), the European Students' Union (ESU) and the European Association of Institutions in Higher Education (EURASHE) and aims to create a unique platform for the higher education and QA communities to monitor, shape and anticipate developments in the area.

For more information or to see the programme of the event please visit the event website.
